

Fan Cutouts

Fan Cutouts bring the audience to an event when the audience isn't able to participate physically. Fans can show their support during their favorite teams' games, school games, graduation, or any other digital event. Help those celebrating birthdays or any other special occasion become the face of any front yard!

18" wide x 30" tall

Single-sided, 4mm coroplast

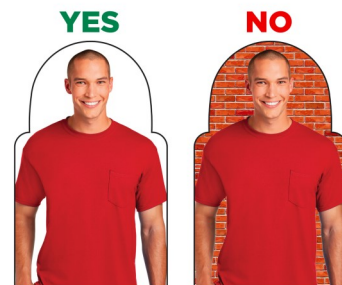

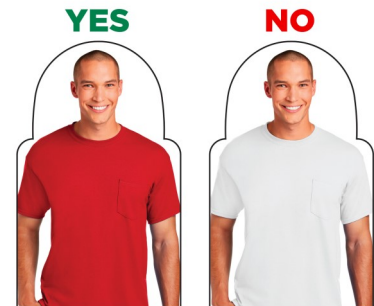

Full color

Includes easel back

Photo Requirements:

In order for optimal resolution of your fan cutout, please be sure to follow the following guidelines:

- ***Provide a hi-res photo (2MB or higher)***
- ***Ensure that the photo is taken from the waist up with arms/hands in viewing area (close to/ across body)***
- ***If you are wearing a hat in your photo, please be sure that it doesn't cast a shadow on your face—we recommend that photos be taken outside or in front of a good light (not in front of a window)***
- ***Make sure your clothing and the background are not the same color otherwise you will appear as a floating head***
- ***Have someone else take your picture... selfies do not work well for fan cutouts***
